

BOAT YARDS GENERAL GUIDELINES

For your own happiness and safety, and that of others, please read this document and observe all guidelines and conditions. If in doubt, please ask a member of R.K. Marine's Boat Yard of staff.

Prior to lift, the owner must:

- Remove and secure all sails, covers and awnings to reduce windage.
- Ensure that the boat is safe to lift and that speed log blanks are in place.
- Tell the member of staff organising or carrying out the lift in advance if your boat is non-production or has been altered.
- Arrange unstepping of mizzen mast to prior lift.

Boat Yard Services:

- Any excessive hull fouling will incur additional charges when pressure washing.
- Mast un/stepping does not include a rig check or dis/connection of mast electrics and electronics.

Prior to launch, the owner must:

- Ensure the hull is watertight and ready to be lifted and launched.
- Have fenders and mooring lines ready.

Boats ashore:

- Do not move or tamper with boat stands, cradle arms or other boat supports. Always ask our Boat Yard staff for help.
- It is unsafe to secure anything to the cradle or any boat supports.
- It is the boat owner's responsibility to board the boat and to move around the deck using the correct equipment and taking all reasonable precautions.
- Be very careful when moving forward from the main bulkhead and/or main mast.
- No living onboard.

Electric Supply:

- Electricity meter cards are purchased from R.K. Marine's sales counters and you should always respect other users' electric supplies and cables when plugging in for electric supply.

Working on boats ashore:

- Only minor work can be undertaken on boats ashore without approval. Obtain R.K. Marine authorisation

before removing old antifouling, any sanding/scraping, removing engines, un/stepping masts and all 'boatbuilding' activities.

- It is forbidden to go up the mast.
- It is forbidden to start the engine.
- All contractors must report to the office on arrival and must complete our Contractors Registration Form before starting work and always sign in.
- For any metal work, grinding, welding or any such like you must obtain a hot works permit and all requirements on the permit must be adhered to.

Waste and Rubbish:

- Keep the area around your boat clean.
- It is your responsibility to dispose of waste from the boat in a safe and appropriate way. This may include removal of certain types of waste to the nearest waste facility at Segensworth.
- Always ask us if you need to dispose of waste oil, oil cans or paint cans.
- Do not contaminate the general waste bins or recycling bin with oil, grease, paint, resin, sealant, lightbulbs, electrical items, batteries or metals. This will result in extra charges.
- Do not pour waste liquids down the drains.
- Do not disposal of refuse, liquid or food waste into the river as this is an offence.

Children:

- Children should be under parental supervision at all times.

Pets:

- Animals are not allowed on boats when ashore.
- Keep dogs on leads and controlled at all times and dog waste must be picked up in bag and disposed of correctly.

Vehicle Parking:

- All vehicles must be parked in the marked bays in the designated car parking area.

Insurance:

- All facilities are provided at the boat owners risk and subject to the vessel being adequately insured to include third party liability.
